Who we are

Headquartered in Shanghai, China, YFYSupply is a leader in foodservice packaging market. YFYSupply is committed to making everything easier.

First of all, it makes product selection easier. The products YFY chooses are the most carefully selected, the most marketable and the most in line with consumer demand. It no longer worries about how to choose products.

Secondly, it makes purchasing easier. YFY provides the most competitive price and the best cost performance in the market, so there is no need to worry about how to choose suppliers.

Most importantly, provide the whole logistics service. Omni-directional real-time tracking order process, timely provide solutions. Let every link from the factory to transport to warehousing can be at ease. Order information early to know, all kinds of trouble early to avoid, encountered problems early to deal with. The whole process is worry-free, so that ordering becomes so easy.

Our Market

YFYsupply serves customers across a wide spectrum of businesses from retail, food services, convenience store, and delis to food processing markets. Our product portfolio and engineered solutions are designed to meet customer applications needs in the areas of food contact, customer experience, packaging operations and more.

Our Product

Our family of brands enables us to offer customers an array of product choices to meet their preferences. At YFYsupply, many of our products are made with compostable and recycled content to reduce our use of prime materials and thus reduce the impact our suppliers and ourselves may have on the environment. Other products are designed to be recycled or composted, reducing the impact our customers and their consumers can have on the environment. Up or down the value chain, whatever choice our customers make, all YFYsupply products come with our commitment to innovation, quality and service.

Our Innovation

Innovation drives our business. Every day we strive to create exceptional value for our customers' needs on the best packaging solution. We also look for ways to meet society's expectations for new and ground-breaking products that help preserve the environment, offer convenience, and protect the integrity of our customers' products. Our continuous drive to innovate has enabled us to create and develop product and solutions.
